NSPCC Internet Safety Talk for Parents

O₂ ☺ NSPCC
Let's keep kids safe online

The internet is amazing but with the digital world changing all the time, how can you make sure your child is staying safe?

Whatever their age, the NSPCC can help you to find out more about what your children might be doing online and give you some simple, practical and easy advice on the steps you can take, as a parent, to keep them as safe as possible. Keeping your child safe online is as important as teaching them the Green Cross Code.
